### Directions:

NOTE: Directions in **Green** are for green clipboard and **pink** for pink clipboard.

1. From the Leopard paper cut a 4" x 6" piece. Adhere that to the bottom of your clipboard.
2. From the Tiara Tiara paper cut a 4 -1/2" x 6" piece. Adhere that to the top of your clipboard. Be sure to go under the clip.
3. Stamp the word "Bling", using black ink, randomly on the top portion of your clipboard.
4. With the black slide mount, frame one of the tiaras and adhere to board. On the tiara that you just framed add two small rhinestones and one large rhinestone to the tiara. (As shown in the picture). From the rhinestone ribbon cut off four rhinestones and adhere one to each corner of the slide mount.
5. Where the two papers meet on your board adhere a string of Rhinestone Ribbon or black flowered ribbon.
6. Adhere two bookmarks or heart & word buttons to board, some/one on top half and some/one at the bottom half.
7. To create the pocket – Use your 3" x 3" piece of chipboard. Score the chipboard from the left & right edges at 1/2" & 1" marks. Score the bottom of your chipboard at the 1/2" & 1" marks. Fold to create the pocket and punch a semi-circle from the top half. Adhere to bottom of clipboard. Add a piece of rhinestone ribbon to bottom of pocket. Remove the back sheet of your post-it notes and adhere to the bottom of your board. Add two nailheads to the bottom of board, one on each side.
8. Using your remaining green tiara tiara paper cut small pieces that will fit in the pocket to be used as note paper.
9. At the top of your clipboard adhere the ribbon of your choice to finish covering any remaining spots on the board. Make a few of the ribbons longer and attach swirled paper clips to them for a place to hang notes.
10. Add pieces of ribbon to hole on clip and finish with dogwood flower in center. Add 1 large rhinestone or jewel for the finishing touch!

Now hang on your bedroom door, college dorm room or any place you would like notes to be left. You'll soon be known as the diva of notes!
